

MEYLE-HD: Better than OE.
Stabiliser links - simply last longer

Additional snap ring ✓

- Ultrasonically welded – to ensure smooth running of the ball pin
- Very high axial load carrying capability

Robust clip-on plastic seat ✓

- Advanced fatigue behavior
- Wear-resistant polyoxymethylene plastic material (POM)
- Ultra low friction coefficient, low wear rate

High-quality rubber sleeve ✓

- Efficient sealing
- Reliable protection against dirt and moisture ingress
- Ozone-resistant and weatherproof

Nut ✓

- Corrosion – resistance & increasing locking force

Wrench attachment ✓

- For easy de-/installation

Reinforced link rod ✓

- High-strength welded joint for rigid connection of the link bar and rod end

Corrosion-resistant cathodic dip coating (CDC)

- Enhanced corrosion protection

Low-friction high-tech grease ✓

- High ageing resistance
- Reducing slip stick effect
- Brilliant corrosion prevention
- Perfect tribological (friction) properties

Durable ball pin ✓

- Increased ball diameter
- Superior load-carrying capabilities thanks to a larger ball surface
- Reduced surface roughness and low friction coefficient

Better than OE.

HD: 4 year warranty

Longer service life!
